Call script:

Hello, my name is _____, and I live in _____. I'm calling to strongly encourage the governor to sign HB 364, which would allow registered patients and caregivers to discreetly and securely grow their own limited supply of cannabis. This bill is critically important for patients who are trying to stay off opioids but have trouble affording medical cannabis from dispensaries. There is no reason this shouldn't be allowed, especially here in the "Live Free or Die" State. Thank you for your time.
