

First, do you support or oppose allowing patients in South Carolina who suffer from serious medical conditions to use medical marijuana if their doctors recommend it?

	Overall	Geography			
		Upstate	Midlands	LowCountry	PeeDee
Support	72%	67%	71%	75%	70%
Oppose	15%	16%	15%	12%	15%
Undecided	13%	14%	14%	13%	13%

METHODOLOGY

- **Data presented** are the summary of surveying 801 registered voters in South Carolina. Each respondent was part of a representative sample based on current voter registration statistics. Data was stratified to represent accurate proportions in vital characteristics including race, age, gender, geography and political persuasion.
- **Field dates** were February 16-19, 2021.
- **Respondents were contacted** by telephone using a combination of valid residential and cellular telephone listings.
- **The margin of error** for a survey of this type is $\pm 3.9\%$ in 19 out of 20 cases.

BENCHMARK/TRENDS

(Slight differences in actual question wording)

- **Support** for medical marijuana remains strong in South Carolina—by an almost 5:1 ratio!
- While the ratio of support (not surprisingly) is greatest in the Lowcountry, **no statistically-significant regional differences exist.**
